Emergency Evacuation Procedure in the case of Fire

Updated 22nd November 2009

In case of fire, evacuate the building immediately through the nearest available door.

There are four exits: 2 front doors from the bedrooms, a side door and a back door. Assemble in the courtyard outside the garage if it is safe to do so.

Please contact Mr. or Mrs. Vos on 01886-880262 or 07889-657028 or 07801-72165.
